Find the Value of the Variable Answers

$$6y = 18$$

$$y = 3$$

$$8x = 96$$

$$x = 12$$

$$7a = 56$$

$$a = 8$$

$$12x = 120 + 124$$

$$x = 12$$

$$5a = 75 + 25$$

$$a = 20$$

$$11c = 125 - 26$$

$$c = 9$$

$$8z = 87 - 15$$

$$z = 9$$

$$7a = 43 - 8$$

$$a = 5$$

$$4b = 42 + 6$$

$$b = 12$$

Now find the value of the unknown amount in each of these equations:

$$9x - 7 = 38$$

$$x = 5$$

$$7a - 12 = 72$$

$$a = 12$$

$$4z - 6 = 30$$

$$z = 9$$

$$10c - 25 = 75$$

$$c = 10$$

$$12b + 13 = 157$$

$$b = 12$$

$$6y - 7 = 41$$

$$y = 8$$

Geography Thursday - The Story of The Banana Answers

1. What are some examples of the fruits and vegetables that are grown in Ireland?
Examples of fruits and vegetables that are grown in Ireland include strawberries, raspberries, apples, tomatoes, potatoes, carrots and turnips.
2. Why can bananas not grow in Ireland?
Bananas can't grow in Ireland because of the cold and unpredictable weather.
3. Name three countries where bananas are grown.
Some of the countries that bananas grow in include Costa Rica, Honduras, Colombia, Ecuador, Panama, Brazil and the Ivory Coast.
4. What does 'imported' mean?
Imported means that goods or services are brought into a country from abroad for sale.
5. Summarise the journey of the banana into six steps:
 1. **The bananas grow on a banana plant in these countries. These banana plants can grow up to five metres in height and it can take a year for the banana plant to produce bananas ready for the farmer to harvest!**
 2. **The farmers cuts the bananas from the plant when they are still hard are green. To cut the bananas, the farmer uses a special type of knife called a machete. They are stored in a cool room immediately so they do not ripen quickly.**
 3. **The bananas are then washed and packed into boxes and trays. They are kept in a cool place so that they do not ripen too quickly.**
 4. **When the boxes are full they are put into containers and brought to huge ships and loaded onto them. Seafarers work on the ships making sure to keep the ships safe and clean. They look after the bananas and make sure everything is okay!**
 5. **The ships make the long journey across the oceans until it reaches their destination. The ships are unloaded and the bananas are put into lorries. The lorries are brought to special warehouses where they ripen so that they are ready to eat!**
 6. **Once the bananas are ready to be sold, they are loaded onto lorries. These lorries bring them to supermarkets and shops ready to be sold to their customer!**

English - Monday (Ms O'Reilly/Mr Rennick/Ms Hodson)
