Wednesday 10th June

Everyone will have different individual answers

Maths Fact 1: 55,000 divided by 500 is 110

Answer: 110

Maths Fact 2: 5000 x 9 = 45,000

Answer: 45,000

English

1) It tells us that they live in China.
2) They have black and white coats…
3) They eat as much as 38kg of bamboo a day.
4) They are declining in numbers as a result of hunting, climate change and the loss of bamboo forests.
5) They live until they are about 20 years old.
6) They spend at least 12 hours a day eating and they eat as much as 38 kg of bamboo a day.

B Do yourself

C Do yourself

Science

Blue Skies and Golden Sunsets

B

1) Fill a glass jar with water.
2) Add a few drops of milk using a spoon.
3) Turn out the lights and close the blinds.
4) Shine a flashlight at the side of the jar.
5) Shine a flashlight at the mixture from above the jar.

E

1) …shone the light from above.
2) …shone the light from the side.
3) …the flashlight to change into other colours.
4) …the more yellow it became.

Thursday 11th June

Jelly Bean Chance **Answers**

1. How many jelly beans are there altogether?
   14
2. Calculate how many of each colour jelly bean there are and write them in order of how likely they are to be pulled out.

Most likely			**Least likely**
blue	**pink**	**yellow/green**	**orange**

3. What is the chance of pulling out a yellow or a green jelly bean?
   There is an even chance.
4. What is the chance of pulling out a black jelly bean?
   There is no chance/it is impossible.
5. Choose a word from the word bank to complete the following sentence:
   I cannot be **certain** that I would pick out either a pink, blue, orange, green or yellow jelly bean.

English

The Renaissance

1) It means ‘rebirth’.

2) The Ottaman Empire captured the Roman Empire.

3) It started in Florence.

7. **"I'll help you with the rest…**
8. **Finally after applying sunblock…**

Wednesday

Example of words to use in 'Fun in the Garden'

Mary had a beautiful garden in Tallaght. The garden had many colourful flowers and large plants and lanterns hanging from a tree. There was even a small section of the garden for herbs like sage, parsley and mint. People said they should put in a bed to grow vegetables. But Mary thought this was a bad idea. People all over Tallaght came to sample some of the special green plants. Because the special plants grew so quickly they were protected with a special liquid to keep the insects away. One day a plant judge from a farm came and awaded Mary with a prize for the most beautiful plants in Tallaght. Mary was proud to win such a huge award and thanked friends by having a big and special party!
