My Dream Holiday

WHERE TO

"Where are we going to. "I asked my mum."It's a surprise."She answered back. My siblings loved surprises. My dad was coming with us." I can't wait to go on the train."Exclaimed Andrew."I already know where we are going to".Said Dad.

WHAT WE BROUGHT

I brought clothes, a swimsuit, my game console, my notebook, my pencil case, and some chapter books.My mum packed some towels, some creams, my brother's clothes, sponges, and her and dad's clothes. She also bought all of our passports. But Mum said there was no space for toys.

HOW WE TRAVELED

We traveled by train. but it wasn't the old fashioned train kind...it was a subway. The subway was called Eurostar Train and there were over a hundred people on the train. there were comfy seats in every cab and you never want to get out of your seat. They had WIFI connection, food services, and even sleeping cabs for night. And don't even THINK about doing the toilet dance, because there are restroom cabs and emergency ones if you have diarrhoea. My mum and dad had our tickets and passports with them. We were all busy and enjoyed the ride.

WHERE IS OUR DESTINATION

"SURPRISE." Exclaimed Mum. We were in Paris. I was so happy and thankful to my parents. My siblings were happy and exited too. There was a salesman who was selling berets. "Can we buy some." I asked. Of course." Said Mum. We bought 6 berets and we wore them. We found a hotel we liked called Paris 5 Star Hotel. We booked our stay. We loved our room and we didn't spend much money. I had a great stay in Paris with my family
